

AFSS Vaccination Rules Amendment - 10-25

20. The following vaccination requirements apply:
- 20.1. All dogs attending any AFSS affiliated event must have a minimum C3 yearly or tri-annual vaccination; this can include Titre results no older than 12 months.

Acceptable proof of vaccination will only be:-

- 20.1.1 Vaccination booklet or certificate as detailed below;
- 20.1.2 titre test results showing adequate protective antibodies to parvo, distemper and hepatitis. Must have all 3 or does not constitute a c3 vaccination equivalent. Acceptable forms include either a letter from vet stating adequacy of all 3 viruses, OR a copy of the titre test results from an appropriate laboratory.
- 20.1.3 a letter from a veterinarian absolving of vaccination in cases of allergic reaction. Letter must be on vets letterhead.

Additionally AFSS recommend all attending dogs have a current Kennel Cough vaccination.

- 20.2. Spot checks of vaccination certificates should be carried out at driver check-in to ensure enough time is given prior to competition. If a vet or suitably qualified person is not available at this time, the Race Marshall shall advise competitors of the alternative arrangements for the vaccination checks.
- 20.2.1. If you cannot provide supporting documentation the club or RGO has the right to refuse entry or will provide 48 hours or as agreed with the Race Marshall to post race to provide supporting documentation.
- 20.2.2. Failure to provide documentation within the agreed period will result in a 24-month ban from AFSS affiliated races.
- 20.2.3. The non-conformance case will be forwarded to any/all RGO's and other governing bodies.
- 20.2.4.
- 20.3. All AFSS affiliated race entries will include a self-assessment tick box;
- a.
- | | | |
|--|-----|----|
| a. Have you met all vaccination requirements? | Yes | No |
| b. False information will result in a 24-month ban Agree - | Yes | No |
- 20.4. It is recommended that Clubs maintain a vaccination register of their members as repeated contact is prevalent at a local level. Reducing the risk at club training/events minimises but does not negate all transient exposure external to those events.
- 20.5. The following information is a guide to AFSS vaccination certificate requirements
- a. Owner name
- b. Address
- c. Dog name
- d. Sex
- e. DOB/approx. age where DOB is unknown
- f. Microchip number
- g. Vaccine type
- h. Vaccination date
- i.
- 20.6. It is recommended that all dogs should be vaccinated more than 14 days before the race in the case of prime vaccination.
